District

Representative
Bruce Chandler
15th Legislative District

Dear Friends and Neighbors,
The Legislature is back in session and I am once again working in Olympia on your behalf. It is an honor to know that you have placed your faith in me to represent you, our communities and our shared values. Serving you is something I believe in and never take for granted.

After working the last few years to help the state navigate education funding and helping to hold the line on tax increases as the ranking member on the House Appropriations Committee, I have been asked to take the lead on agriculture issues. My colleagues selected me to be the ranking member on the House Rural Development, Agriculture and Natural Resources Committee.

It was an honor to be part of the state budget negotiations the past few years. I believe my time spent as a budget leader helped lead to better, more sustainable state budgets and I helped lead the charge against new, massive tax increases. However, I am excited to be back working diligently on agriculture and rural economic development issues. Those of you who know me well know that agriculture is in my blood, my thoughts, and my hopes for the future of our region.

Please take a moment to look through some of the issues we will be dealing with in Olympia this year. If you have an extra minute, tear off the mail-back panel and let me know what you think are the most important issues affecting you, your family and our communities. I look forward to hearing from you.

Most sincerely,

Bruce Chandler
